The Story of the One Party System with Two Names

(Continued from Page 2, Column 3)
powerful CFR generally considered to be the Zionist Invisible Government in America. Hubert is their errand boy. His work on Civil Rights, Disarmament and in many other fields is a true barometer of how closely he follows their dictates.

HHH supports the pro-communist AMERICAN COMMITTEE ON AFRICA which countenanced murder and wanton destruction in the Congo. (Herald of Freedom 9/11/64).

COPE, the AFL - CIO political arm, arch enemy of every patriot, has always rated Humphrey's voting record 100%.

THE NATIONAL DEFENSE ACT, which opened the door to Federal Aid to Education, was Humphrey's brainchild.

During World War II, Humphrey was known in Minnesota as a "draft dodger." While giving the impression he wanted to get into uniform, he obtained several deferments.

On a trip to Moscow in 1958, HHH had an eight hour private conference with Khrushchev. Shortly after, he decided to run for president.

Humphrey has been very friendly with Adlai Stevenson and Walter Reuther. He also had praise for Ben Bella, the communist murderer of Algeria, and the notorious Sidney Hillman.

HHH has championed the most irresponsible policies; he is the wildest spender and welfare stater in Washington. He co-sponsored the first National Housing Act and engineered passage of the 1964 Civil Rights Act.

David Lawrence, in his column 9/4/64, indicates how Humphrey would double cross labor: "The Minnesota Senator (Humphrey) has voted against legislation to give union members the right to sue in federal courts whenever there is misuse of federal funds. He also voted against an amendment to the McClellan Bill designed to protect union members against unfair actions by their unions."

The HERALD AMERICAN, dated April 30, 1968, carried the following: "Sidney J. Weinberg, one of the best known names in Wall Street, has disclosed plans for a one-man drive to raise millions for the Democratic Presidential nomination of Vice President Humphrey. Weinberg, the 76-year-old partner of Goldman Sachs & Co., is a frequent White House guest and was seen entering the executive mansion yesterday."

The above is most interesting at this time and further confirms the obvious Zionist control of the entire political spectrum. It was smart of Sidney to do this. Now that Hubert has cinched the nomination, Sidney, the modern-day Baruch, will have a friend in the White House if either Nixon or Humphrey is victor.

Here are a few statements by the man who would be President:

"I've got enough spark in me to lead a mighty good revolt."
(from the book: STOP HUBERT NOW)

"The time has come for America to wash its dirty face. The Negro is going to get justice or this society will be ripped apart." — (NEWSWEEK 4/13/64)

"We must erase the Right completely from American life."—
(COUNTER ATTACK 6/3/66)

HHH and the Jews

Two of Humphrey's closest advisors are WALTER HELLER, former chairman of the Council of Economic Advisors and MARSHAL D. SHULMAN, Director of Russian Institute at Columbia, both Zionists. Humphrey received Hadassah's 1965 Henrietta Szold Award. He was principal speaker at the American Jewish Committee's Appeal for Human Relations Award Dinner, Nov. 24, 1964. He has a Jewish son-in-law, Bruce Solomonson. He has been a close confidant of the late Herbert Lehman and a lifetime pal of Anna Rosenberg.

George Wallace

While there may be a thread of difference between "Tricky Dicky" Nixon and "Humpty Dumpty" Humphrey, the difference is in degree only and it is hard to say who is the

George C. Wallace

Every One Is Against George Wallace But the People.

most dangerous. The Republican Party is just ONE branch of the Zionist two-ring circus which takes place every four years to entertain the gullible goyim. BOTH PARTIES ARE ANSWERABLE TO THE SAME ZIONIST RINGMASTERS.

Happily for us this year we have decided not to go fishing on election day after all. Before you decide to go, we ask that you take a long hard look at Wallace's beliefs, campaign statements and proposed policies.

We cannot guarantee that George Wallace, if elected, will live up to his promises. Judging from his past experience, his record as governor of Alabama, his integrity and outstanding Americanism, his Christian heritage, and knowing, if elected, he will have the people behind him, the salt of the earth who are fed up with bread and circuses, he may, with the help of God, be able to bring to America a new birth of freedom and return our nation to constitutional government.

EVERY ONE IS AGAINST GEORGE WALLACE BUT THE PEOPLE. The people, however, can elect George Wallace next president of the United States in spite of brainwashing to the contrary. Let us forget our petty differences and unite as one behind the man who at least OFFERS a sane program. A vote for Nixon or Humphrey is a vote for the Zionist Party. If the American Christian patriots elect George Wallace, he will be directly answerable to them.

Compare the following statements publicly made by **George Wallace** to those made by Richard Nixon and Hubert Humphrey. It's time to run the ZIONIST PARTY out of the country and elect a man who at least promises to reverse the trend!

"Where money has been borrowed, every penny has been invested in the future of our people. It has not been borrowed to build roads in Cuba or to furnish an Egyptian dictator with luxuries or to bolster the economy of a communist country. We do not believe that you can buy love nor purchase respect. We believe that respect is earned by unflinching loyalty to philosophy and by dedication to a standard of morality and conduct."

"Alabama today spends less than five cents of its tax dollars for debt service. Alabama has the lowest per person tax of any state save two."

"No Viet Cong flag flies from a single college in the state of Alabama and as long as we possess the power of decisions — no such flag shall ever fly."

"I recommend that the States of the Union continue to determine the policies of their domestic institutions themselves and that the bureaucrats in Washington let the people in Ohio and New York and California decide themselves . . . what kind of school system they are going to have . . . I recommend states rights and local government and territorial democracy . . . "

"The first thing I'd do as president is to make an announcement that I'd give my moral support, as president, to the policemen and to the firemen of the country. I'd say, 'We stand behind you because you are the thin line between complete anarchy in the streets and the safety of our person.' "

"It was never intended for federal government to run the policies of the local schools."

"Integration is a matter to be decided by each state . . . "

"Riots have come as a result of the militancy of anarchists, revolutionists and communists who do not love this country . . . "

"Strict law enforcement is what you do to contain riots now and in the future . . . If rioters knew they would get swift punishment, they would not throw a brick."

"We will awaken the nation to the Liberal-Socialist-Communist design to destroy local government in America. Communism cannot survive where there is truth . . . "

"The communist movement has been behind the Civil Rights movement. They wrote the Civil Rights Bill. They advocated in their 1928 platform the identical bills our Congress passed."

"We talk about federal dollars. We talk about federal funds. There's no such thing as federal funds. These are taxpayers' funds."

"The government ought to examine some of the multi-billion dollar tax exempt foundations like the Rockefeller Foundation, the Carnegie Foundation, the Ford Foundation and the Mellon Foundation."

"The decisions of the Supreme Court in many cases set the criminal and the communist free to destroy the fabric of our society. Roosevelt proposed to pack the Supreme Court. I propose to 'unpack' it."

"I believe we need to achieve victory over communism. Let the joint chiefs of staff win the war in Vietnam. There is no substitute for victory.

We can de-escalate the war by escalating the bombing of North Vietnam.

There should be no sanctuary in North Vietnam.

We've got to win this war. If that means stepping up the bombing, step it up! If it means blocking off Haiphong, block her off. BUT THERE'S NO SENSE TALKING PEACE WITH THAT CROWD UNTIL YOU'VE GOT THEM WHIPPED."

AMERICAN PEOPLE "WITHOUT A VOTE"

CLIFTON C. ALSTON

Republicans brought in troops to take schools away from white parents and their children **without a vote of the people!**

Democrats lowered our National Flag to honor a Communist mouthpiece when our boys were dying in a war against other Communists **without a vote of the people!**

Both parties seek to create a lower type of mongrel population for the United States of America, instead of recognizing God created extreme differences of two great races **without a vote of the people!**

Both parties want to buy your vote at the next election with promises of more money for no work, more protection for criminals and more restrictions on the man who works to support his family.

Lets you and I vote for new leaders to keep our country strong, with Christian ideals we honor.
